3. If widowed - please bring a certified copy of the death certificate.

Each applicant must supply valid identification that establishes name, age, date of birth and proof of residency. This may be supplied by one or more documents issued by a government agency, such as a certified copy of a birth certificate, driver's license, military identification, passport or state/county identification card.

Where should the Marriage or Civil Union record be filed?

The person performing the ceremony must file the license and certificate with the Registrar of the municipality in which the ceremony was performed. Since failure to record the certificate may cause considerable inconvenience at a later date when proof of certificate is needed, you should make sure that this has been done.

Certified copies of the marriage or civil union event may be obtained from the local Registrar in the municipality where the ceremony occurred or from the State Bureau of Vital Statistics and Registration.
